FROM :

SUBJECT: Cancellation of Campus Recruitment Schedules

1. Because of the likelihood of a demonstration against the Agency, I have been obliged to cancel my schedules at Cal State Los Angeles and UCLA. I have talked with the Placement Directors at both schools. They appreciate the rationale behind this decision.

2. Mr. Jon Nord, Placement Director at Cal State Los Angeles will send me resumes of all students who have sought interviews with me.

STAT

3. Yesterday, I met with Mr. Edward A. Shaw, the new Manager of the Placement Center at UCLA. Mr. Shaw informed me that Dow Chemical Company would be back on campus November 28, the first of my four days on campus. He agreed that it probably would not be prudent for me to make an appearance on any of the four days reserved for me. On November 29, a student referendum will take place. The purpose of this referendum is described in the attached copy of the Daily Bruin.

4. Chancellor Franklin D. Murphy has ruled against placement office cooperation in the scheduling of off-campus interviews. I will not, therefore, have access to the resumes of students who have signed up to see me. Mr. Shaw assured me that whenever possible, he would refer students to me for direct contact. He and his staff will draft a January schedule to accommodate those students I am unable to see in November. I have four days reserved in January.

5. The attached copy of the Daily Sundial contains the publicity arising from the cancellation of my schedule at Valley State College.

6. One final note from my conversation with Mr. Shaw. He suggests that we place an advertisement in the Daily Bruin with an invitation to students to call my office for employment information. This ad would be worded in such a way that no reference would be made to the Placement Center.
